

## People who prefer to learn

## They organize and emphasize information using:

**“The soul never thinks without a picture.”**

~ Aristotle ~

**In a nutshell:**

*You are holistic. You want the whole picture - the BIG picture first! You are probably going to DRAW something.*

## EDUCATION

- Replace keywords with symbols or diagrams.
- Reconstruct notes using images, colors, fonts, and different spatial layouts.
- Review your notes and look for patterns.
- Reduce 3 pages of your notes to 1.
- Redraw your notes from memory.
- Restore your visuals back into words.

## the WORKPLACE

- Include images, colors, fonts, and different layouts in your presentations.
- Use freehand drawings to communicate ideas.
- Use charts and diagrams to analyze and understand data.
- Remember – not everyone has a Visual preference like you.
